Bodyguards act as a shield for the potential target, keeping lookout for potential attackers sometimes in advance, for example on a parade route and putting themselves in harm's way-both by simple presence, showing that physical force is available to protect the target, [36] [61] and by shielding the target during any attack.

4-Minute Fit: The Metabolism Accelerator for the Time Crunched, Deskbound, and Stressed-Out

The materials from the Arcades Project that did find their way into finished works, most prominently a series of essays on the French poet Charles Baudelaire included innovative reconsiderations of key modernist problems: the role of the urban crowd as an optical device for the strolling flâneur; the significance of actual optical devices such as panoramas, peep shows, and magic lanterns in the habituation of city dwellers to the new conditions of metropolitan experience; and especially the modern practices of display and advertising that emerged in Paris and would come to shape the perception of the world in such a pervasive manner. A lay up should leave an approach of about yards to the front this two-tiered green.
