## **Brave Teaching: Bringing Emotional-Resiliency Skills from the Wilderness to the Classroom**

We are sorry to observe, even in this enlightened age, so prevalent a disposition to credit the accounts of the marvellous. Much later, the logical next step was a general model for multi-level structural relations accommodating latent variables as well as the possibility of finding missing data at any level of that hierarchy.

Therefore, computer-based tools and programs as well as high quality statistical analysis are increasingly important for deriving meaningful conclusions. Starting from conversations with Sami feminists, with the aim of learning and sharing feminist analyses and experiences, I explore issues of decolonisation, self-determination, and the intersection of

gender and Indigeneity. This is the point of departure of our research project. ISSN Date accessed: 04 juli Sprache Deutsch English.
